About the Program

Forrest Out of School Hours Care (FOOSHC) provides a safe and inclusive space for children and their families, underpinned by the ideology that all children are capable, competent, and creative learners. Our program enables children to engage in risk-taking, experimentation, and exploration in both indoor and outdoor settings. Through a child-led, play-based approach, the program reflects the needs and interests of the children. Fooshc provides opportunities for rest, relaxation, and the freedom to move between activities and spaces freely. Additionally, FOOSHC also offers opportunities for rest and relaxation, with the flexibility for children to move freely between experiences and spaces. Every day, children have access to our rich variety of resources, supporting our Playwork philosophy and fostering meaningful, self-directed play.

Our Philosophy

Everything we do is in the best interests of the child. We advocate for children's voices to be heard, and we honour and respect their rights, perspectives and 'being', as the foundation of our program.

Relationships:

We seek to build and nurture trusting, reciprocal relationships with children, families, and each other. We firmly believe that these connections enable children to form secure attachments -to each other, to educators, and our environments, whilst honouring the relationships with their families.

We honour their individuality and acknowledge them as capable and competent individuals. We value and respect the members of the FOOSHC community in all of their diversities, recognising how their involvement greatly enriches our service. Using culturally responsive approaches, we actively advocate for Aboriginal and Torres Strait Islanders in our community, embedding their perspectives into our practice. Operating without bias, we endeavour to create an environment where every child feels a sense of belonging and ownership, empowering them to become confident decision-makers. We believe that children who experience kindness, trust, and respect will, in turn, embrace these values within themselves and towards others.

Play:

FOOSHC prioritises play as an essential right for all children and our program is planned for the possibilities to play. Guided by a Playwork approach, we perceive children as the architects of their own experiences, thriving within an environment where they are supported and encouraged to flourish and grow. Our practice ensures that educators maintain the necessary physical and psychological conditions conducive to play—a process we believe is characterised by personal choice, self-direction, and intrinsic motivation. Through this approach we move with intentionality to positively affect the environment in support of the children's well-being and ability to play.

Professional Development:

We hold our educators at FOOSHC to high standards and expectations. We embrace opportunities for innovative practice, critical reflection, and embed professional development into our everyday practice. FOOSHC strives to create a culture of professional inquiry, in which educators are encouraged to engage in robust discussion, self-reflection, and critical reflection. Our educators operate with integrity, compassion, respect, and kindness, embodying the values we demonstrate to the children.

Advocacy and Leadership:

We are committed advocates for the children of FOOSHC, advocating for their right to a childhood rich in play, freedom, exploration, and growth. We provide opportunities for children to take risks and develop their abilities to help navigate their world. By sharing our practices with the wider community and inspiring innovation, we champion the cause of all children, ensuring they too have access to these opportunities.

Sun Safety

As the UV index continues to rise, we encourage children to take a proactive approach to sun protection by checking when the UV level is above 3 and understanding that a sun-safe hat and sunscreen are required.

We recommend that children apply sunscreen before arriving at the service. Sunscreen will also be available throughout the day, though families are welcome to provide their own if preferred. Please ensure your child wears sun-safe clothing to help protect their skin while playing and exploring outdoors. We also plan our program to utilise as much shade as possible.

Lost property

After the holiday period, all lost property will be donated to charity or recycled as appropriate if not collected at the end of holiday period.

Screen Time

Children will have access to our electronic devices for 2-hour periods during the program. This means there will be **NO BYO Device** day. This decision was reached after lengthy consultation with families, children, and educators.

We hope that the way screen time has been structured these holidays will assist families in regulating screen time at home. In unfavourable weather conditions, such as extreme heat or storms, a movie may be used depending on the needs of the children.

The FOOSHC laptop may be utilised for active and non-competitive group games, such as the "Just Dance" videos that were extremely popular in previous holidays. Beyond our typical screen time we have heard feedback from families that want a video game day. However, all devices and games will be provided by FOOSHC to ensure they are age appropriate and that no families' devices are damaged.
